

ENGRAVED NAME BADGES

Engraved name badges are a distinctive and economical style of identification. Used everywhere, from doctors offices to restaurants, they give a professional yet personal touch to any environment. Made from 1/16" thick lamacoid plastic, badges are durable and light. Each name badge is engraved individually and available in an array of two ply color combinations (pages 17 & 18). The surface of the name badge is one color and the lettering is in a second color. Choose from a 1" x 3" standard name badge layout (page 2), or choose from a custom name badge layout (pages 3-4), or design your own custom name badge using fonts available on pages 11-13.

ENGRAVING TYPE STYLES

Engraving fonts are crisp type styles chosen for their impressive looks. Single line fonts are created by making one pass of the engraving machine. Multi line fonts take multiple passes of the engraver to create. Multi line fonts can be routed out in plastics to give a bold look. Many of the engraving fonts can be manipulated to mimic other fonts and logos.

PLAQUES are available. Our BASIC plaque consist of a plain wooden plaque board, 6"x 8", 8" x 10" or 9" x 12" with a custom engraved plate mounted on it. Plaques may be set up to best utilize space by choosing the longest side to be horizontal or vertical. Plates can be cut any size and mounted to your requirements. Normally a 6" x 8" plaque board would have a 5" x 7" engraved plate, to show a small frame of the wood board. Each plate is custom engraved, see below for ideas. Many other sizes and styles available.
